<b>1270</b>	<b>Tour of the Summer Skies for 2</b> <i>Donor: Peter Lauritzen, Fran Post, and Vinny Pollina</i> Enjoy a tour of the summer skies on Friday, August 13, 2010. We will gather at 8:15 in Port Townsend. As we wait for darkness to fall we will listen to an informal talk on the cosmos while enjoying light refreshments. About 9:30 we will carpool to a dark site 15 minutes away from the city for the tour of the summer constellations. Vinny Pollina will have a telescope set up for viewing the moon as well as distant star-clusters and galaxies. You are encouraged to bring your own telescope and binoculars. A special treat for us on August 13 will be the Perseid Meteor Shower. Please note, if the sky is too cloudy, we will reschedule.	\$30

<b>2220</b>	<b>Solar Site Evaluation</b> <i>Donor: Power Trip Energy Corp.</i> During a site evaluation, Power Trip Energy will: 1. Come to your home or business (or lot if you are planning to build) and evaluate the solar potential of your site. 2. Climb on your roof and take the measurements necessary to design your system. 3. Use a solar SunEye and/or pathfinder to accurately assess the orientation and solar potential of your roof or ground mount site. 4. Look at your home's electrical system to determine how we will connect your solar array to your servie panel and the utility grid. 5. Look at your energy bills to determine how much electricity you are currently consuming and how much of this load various sized PV systems would cover over the course of an average year. 6. Sit down with you so you can share your goals regarding generating your own green power. 7. Answer all your questions about costs, financial incentives, location options, various system sizes, maintenance (there really is none), and whatever else you can throw at us.	\$150
